

SIE Grad Student Seminar

Intro: Commercialize Your UA Invention

Bob Sleeper, College of Engineering Licensing Manager,
Tech Launch Arizona

Sept. 17, 2015

2–3 p.m.

ENGR 301

UA researchers and grad students conceive valuable inventions on a daily basis and Tech Launch Arizona is uniquely equipped to take those inventions to the world. Through intellectual property protection, business expertise, marketing, and other valuable programs, TLA can help you make the most of your research invention. Come and learn what TLA can do for you.

Discussion topics:

- What/who is Tech Launch Arizona?
- How to disclose your UA invention.
- What's a patent and what is copyright?
- How your UA inventions are commercialized and how you benefit.
